October GEO Road Show to Feature EASi Top Executives

CTO Ebersole and SVP Guerra to Discuss Trends, Implications and Merits of True Enterprise Collaboration

Pleasanton, CA – September 30, 2009 –Equity Administration Solutions, Inc. (EASi), the leading independent [equity compensation management software company](#), today announced that Mark Ebersole, President and Chief Technology Officer and Michael Guerra, Senior Vice President of Business Development, will present “Staying Ahead of the Curves – Systems Implications for Effective Equity Compensation Management in 2010 and Beyond,” as part of the Global Equity Organization (GEO) six-city road show event “The Future of Equity Compensation- Preparing for Recovery.”

According to Ebersole, “the future of equity compensation management will demand greater efficiency, lower cost, new levels of workforce productivity, real-time communication and less reliance on IT resources.” The ability to foster [true enterprise collaboration](#) and streamline key processes will require a paradigm shift and sophisticated systems.

EASi is one of six companies on the agenda for this series of one-day meetings which will begin on October 13th in Irvine, California and include stops in Silicon Valley, Houston, Minneapolis, Waltham Mass and Washington DC. In addition to EASi, Deloitte, Buck, Orrick, International Law Partners and Fidelity will bring participants perspective on accounting and tax issues, changes in plan designs, say on pay, global compliance and global employee mobility. For more information go to www.globalequity.org.

Equity Administration Solutions, Inc. www.easiadmin.com sells industrial strength stock plan software designed to handle the [accounting, tax and administration](#) needs of

companies that grant equity awards. Headquartered in Pleasanton, CA, EASi continues to lead the industry with second-to-none solutions in areas including [FAS123R](#), IFRS 2, [Performance Awards](#) and [WorkStream](#) process automation. The company serves nearly one million participants in more than 60 countries spanning four continents.
